Modern Primary Mathematics Second Edition

Webinar

Developing Students' Logical Thinking Skills

Logical thinking enables students to reach valid conclusions through step-by-step reasoning based on facts, which is a vital skill in mathematics and many other subjects.

Webinar Highlights

- What is (and isn't) logical thinking?
- Types of logical thinking skills
- Connecting students' maths learning to logical thinking

Aim

Exploring ways to help students develop logical thinking skills.

Dr Martin Kung Sing LEUNG

- Academic Consultant, Modern Educational Research Society
- Former Curriculum Development Officer (Education Television), EDB

Date 3 December 2026 (Thur)
